2. VALUES AWARDS

LOGISTICS FOR TONIGHT

TOWN HALL MEETING

27TH JULY 2023

BW DIGITAL

STRICTLY CONFIDENTIAL

❑ REMINDER

- ✓ Our goal: become a leading operator of digital infrastructures in APAC by 2026
- ✓ Our strategy: Build & Buy approach to grow from a single asset company to a regional ecosystem
- ✓ Our responsibility: conceive and deliver high-performing projects with a good ROI

❏ KEY TRENDS

- ✓ Negative economic factors had no impact on our day-to-day business in H1/23
 - To be monitored in H2/23
- ✓ Geopolitical tensions in the South China Sea remain strong
 - US regulatory procedures in the digital / telecom space likely to further tighten
- ✓ Demand in connectivity (subsea + terrestrial) and data storage/compute keeps on increasing
 - AI progressing fast: ChatGPT, Bard, etc.
 - The digital ecosystem faces a massive sustainability challenge
- ✓ **Conclusion**: lots of moving pieces - We need to remain agile and ready to adapt our plans

❏ PROGRESS TO DATE & KEY OBJECTIVES FOR H2

- ✓ Good company / collective performance in H1/23
 - Let's continue to control our costs and improve productivity
- ✓ Operations
 - Renewal of marine maintenance agreements
 - SEA-US cable cut
 - Charter: 1Tb HI-US - Contract signed and capacity delivered in 1 week!
 - H2 key objectives: Ciena + AWS upgrades, improvement of cyber security, sustainability actions
- ✓ Sales
 - 3 new customers added in H1/23: Charter, Verizon, BlueSky
 - Major opportunities postponed to 2nd half of the year → Key objective for H2

❏ PROGRESS TO DATE & KEY OBJECTIVES FOR H2

- ✓ Strong project development effort in H1/23
 - Australia: permitting process launched for Sydney and Melbourne
 - Indonesia: advanced discussions with 2 candidates to become our new landing partner
 - Hawaii and US: on-going negotiations with shortlisted landing parties
- ✓ Business development progressing but long sales cycle
 - Positive developments on Pacific Islands and Hawaii-US connectivity - Appetite in SEA
 - Some of the major customers in wait and see mode vs. Google's aggressive strategy
- ✓ Objectives for H2/23
 - Finalize procurement process and confirm project costs: offers from shortlisted suppliers to be received in August → Select system supplier in Q4
 - Sign customer contracts to enable project funding / system construction
 - Based on the above, adapt and give priority to the segments with highest potential

❏ PROGRESS TO DATE & KEY OBJECTIVES FOR H2

- ✓ Focus on Stage 1: NZ market and colocation - DC with 10MW shell but 2MW fitout
- ✓ Strong project development effort in H1/23
 - Contract signed with CPS (US - DC contractor) & Naylor Love (NZ builder) - On-going work on the design
 - Site investigations and testing completed : topography, water and air quality
- ✓ Key challenges remain, esp. legal (HPL) and commercial (strong competition)
 - It will take time
- ✓ Objectives for H2/23
 - Address challenges and progress everywhere we can
 - Continue to explore potential alternative options / partnerships

☐ IN DEPTH MARKET STUDY DURING THE PAST 6 MONTHS

- ✓ Market dynamics, technology trends, potential partners, etc.

☐ 23 M&A OPPORTUNITIES STUDIED

- ✓ 11 opportunities evaluated and abandoned
 - Too early stage, too small, too far away or without the necessary potential
- ✓ 9 opportunities under preliminary assessment
 - Will be pursued or abandoned - TBC
- ✓ 3 opportunities under preliminary due diligence
 - Could be potentially shortlisted, subject to outcome of DD

QUESTIONS ?

BW DIGITAL

- Nimble work with growth mindset.

VALUES SURVEY

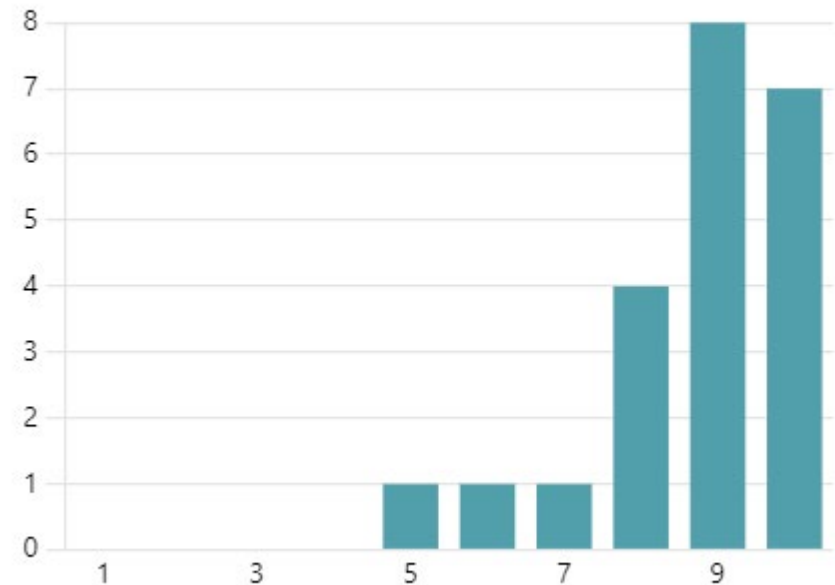

1. How would you describe BWD culture in 4 words?

5 respondents (24%) answered **Collaborative** for this question. ...

Strong Vision Great Company Focus and Reliable
Inclusive open Supportive
Innovation **Collaborative** Collaboration
room for growth Flexible innovative Beautiful
equal opportunity welcoming Fun Customer Focus
Adaptable opportunity employer innovative team

2. Our company culture focuses on Quality / Innovation / Collaboration / Customer Centricity.
To what extent do these values represent your experience working here?

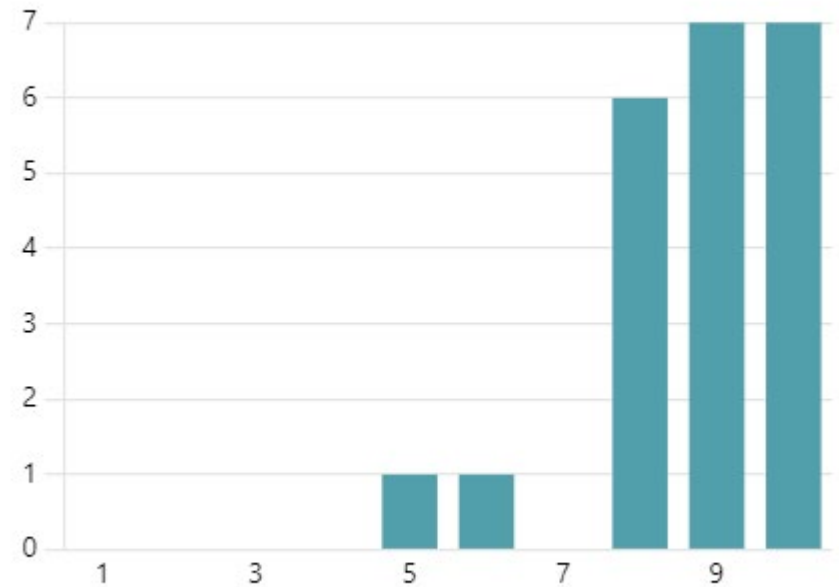

8.73
Average Rating

VALUES SURVEY

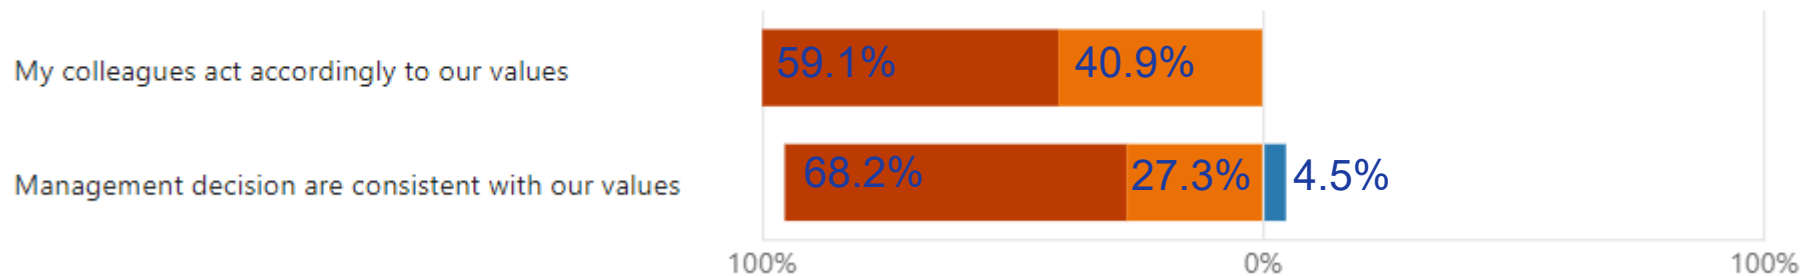

5. On a scale from 0-10, how much do you identify with our culture?

8.73
Average Rating

6. Our values are useful for how we work at BW Digital

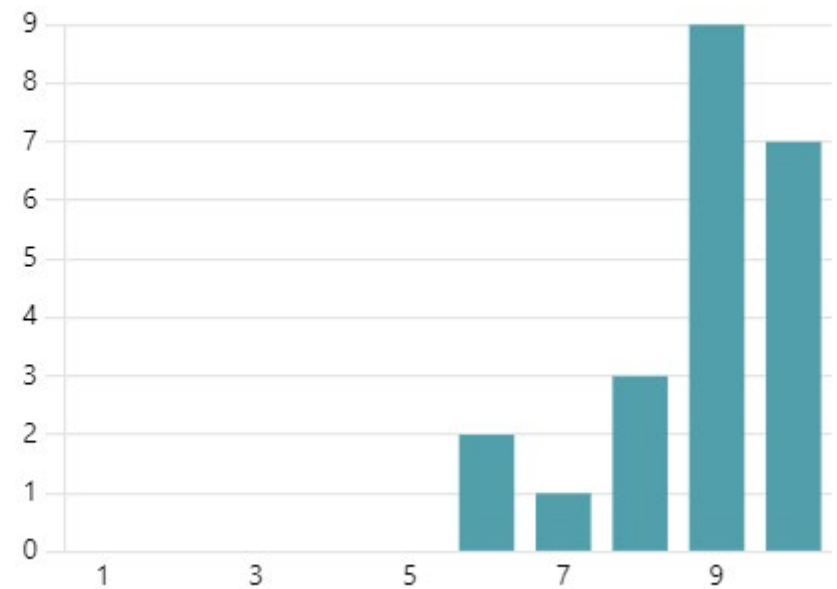

■ Always
 ■ Most of the time
 ■ Sometimes
 ■ Rarely

7. Do you feel a strong sense of belongings because of our culture ?

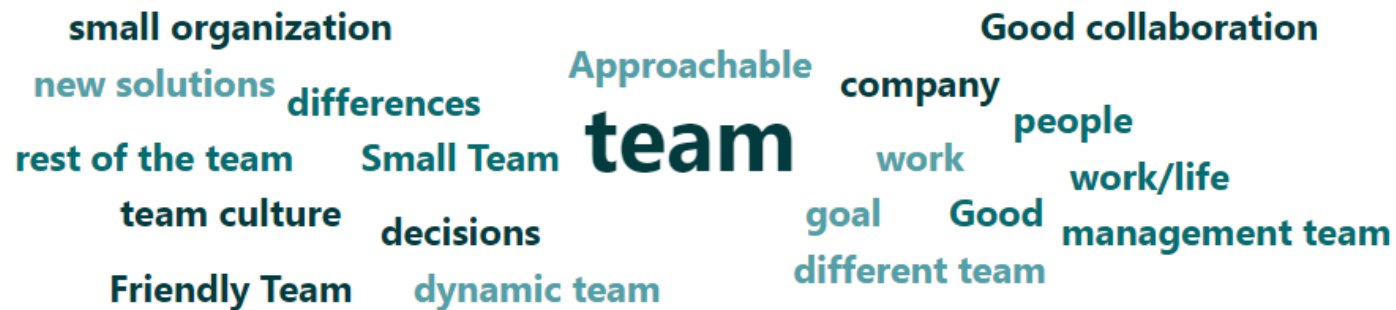

8.82

Average Rating

8. What makes us different from other organizations you have worked for?

10 respondents (48%) answered **team** for this question.

8. What makes us different from other organizations you have worked for?

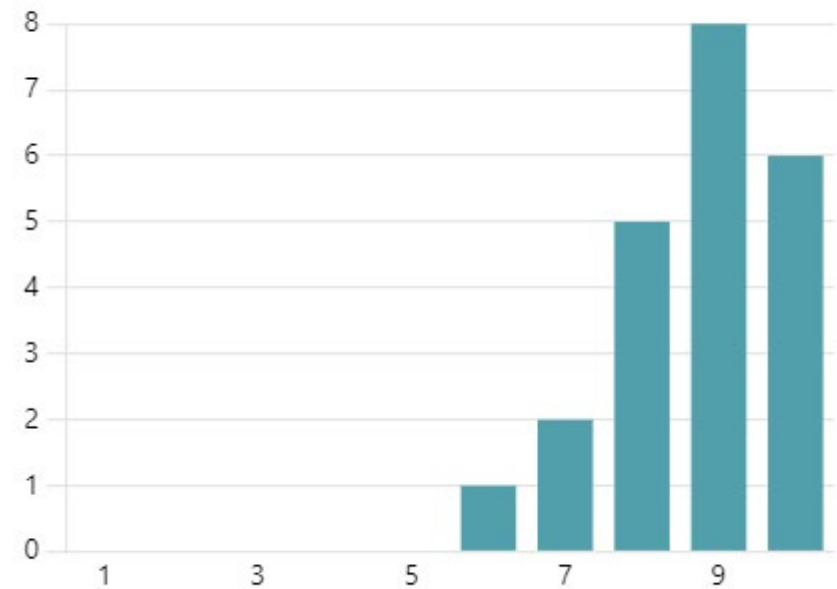

- Approachable management team who appear to have a genuine interest in the rest of the team
- Openness
- Our people make us different. We are so closely connected to each other which might not be possible in bigger organizations. We can talk easily to sort our differences and focus towards one goal.
- Our operation model, team culture and growth potentials
- We are a small organization but the contribution of everyone is valued.
- The support of everyone in the team. The willingness to help new starters find their feet and contribute. The understanding of the importance of a healthy work/life balance. Not micro-managing every detail. Making decisions and executing them cleanly.
- More multicultural
- Friendly Team and great work culture
- Small Team with great knowledge
- Having the right people makes a difference.

- Short communication lines - everyone is approachable and can work together to achieve a common goal (I feel all departments are aligned for the same end goal).
- "Small" sized company that helps taking prompt decisions, adapt to demand, and create tailor made solutions for customers. Also trust and freedom are given in carrying projects or investing in new solutions that facilitate the business.
- Good collaboration between different team. Good Medical and Wellbeing benefits.
- Quality and resilience
- Small, dynamic team that prides itself on being the best for us and our clients.
- The feeling that you're really part of a team!
- I can feel that everyone and what everyone does is important and appreciated.
- The team has a strong bond, and it is awesome
- Small team but well-motivated, every employee have their say and provide the input for the betterment of the company.
- I appreciate the higher degree of freedom than most companies I had to work for.

9. On a scale from 0-10, how much do you feel you can contribute to our culture?

8.73

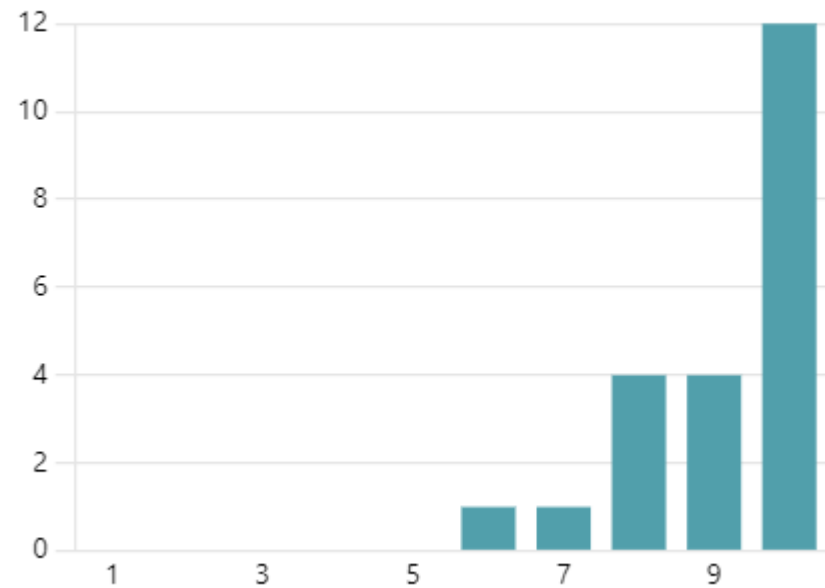

Average Rating

14. I am proud to work at this organization

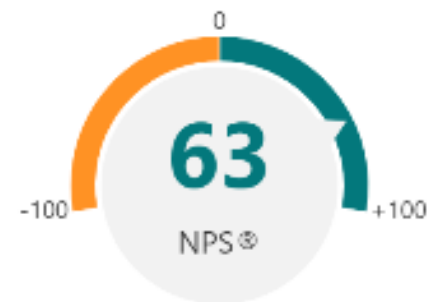

9.14

Average Rating

15. How likely are you to recommend us to a friend or colleague?

Promoters	15
Passives	6
Detractors	1

An organization's eNPS score can range from -100 to +100. According to SurveyMonkey's global benchmark data of more than 150,000 organizations, the average NPS score is +32. We often advise clients that anything between +10-30 is considered a good score (+50 is excellent and +80 or higher is best-in-class). 1/05/2022

❑ HAWAIKI OPERATIONS IS COMPRISED OF THE FOLLOWING ROLES AND ACTIVITIES

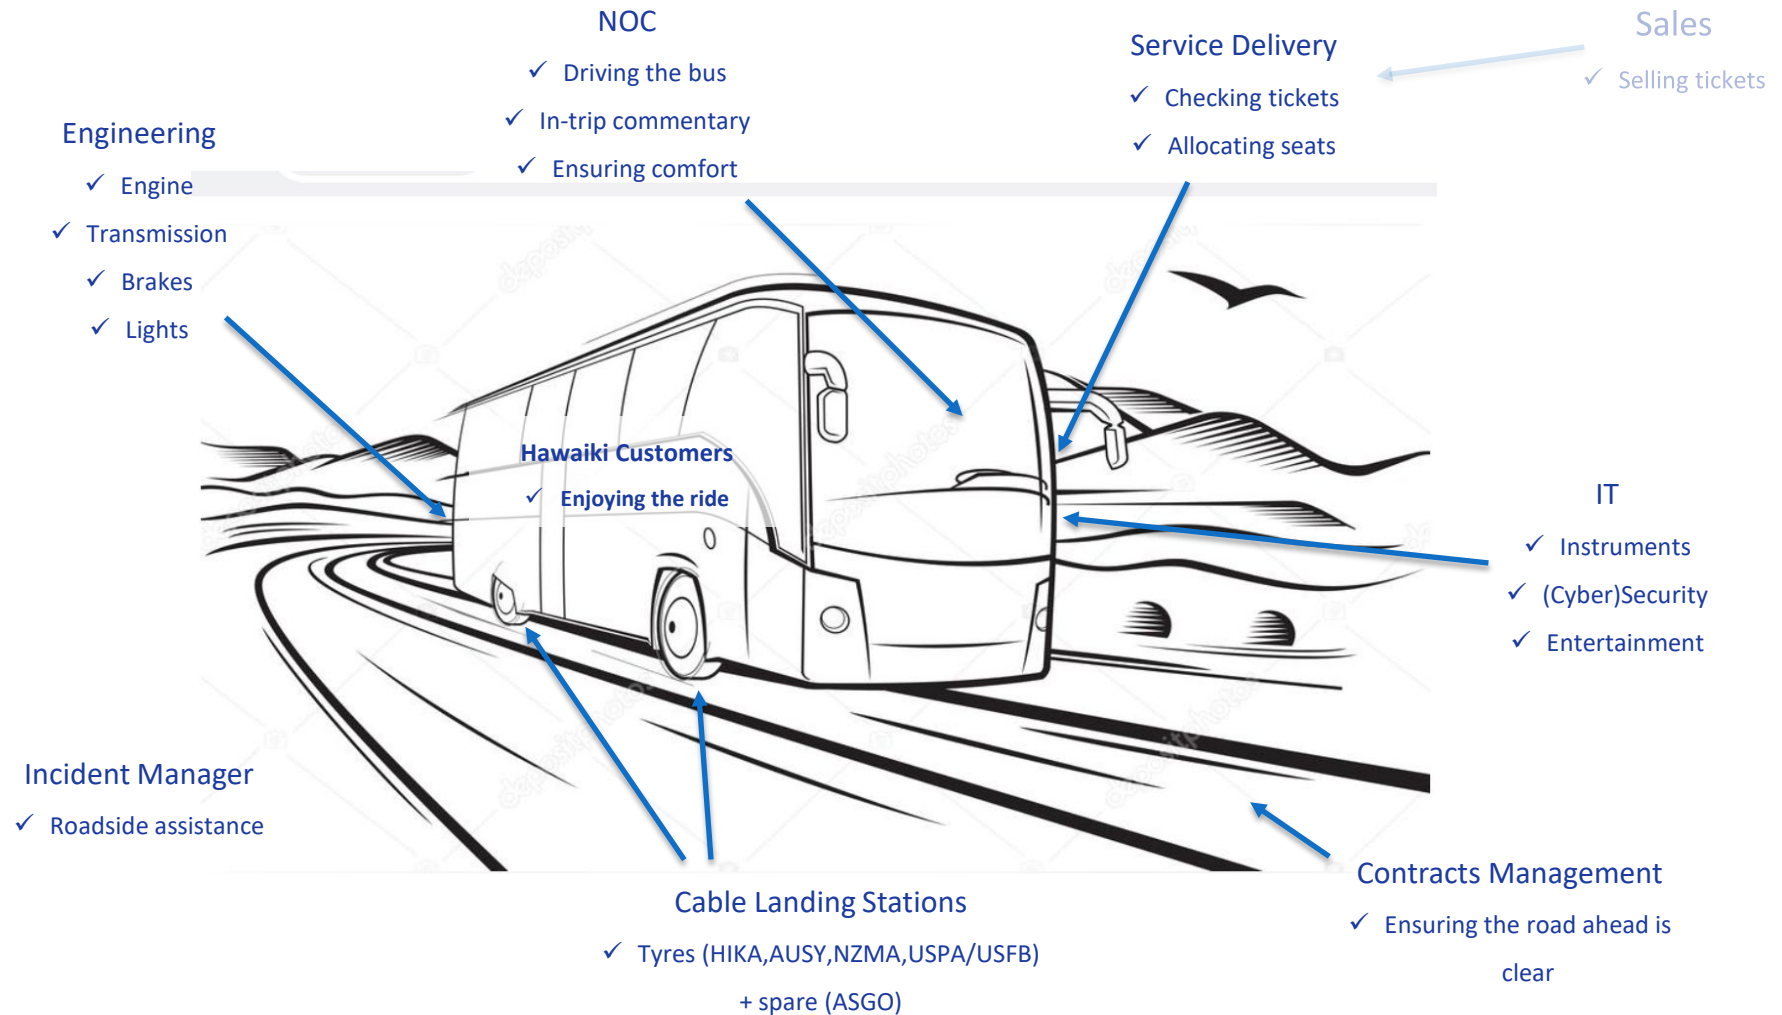

- ✓ Network Operations Centre (NOC)
 - System monitoring, customer liaison, Operations support, B-NOC oversight
- ✓ Network Engineering
 - Transmission system development, capacity upgrades, problem troubleshooting and resolution
- ✓ Provisioning & Service Delivery – *i.e. customer onboarding*
- ✓ Cable Landing Station (CLS) management & equipment facilitation
- ✓ Facilities management & maintenance
- ✓ Marine & Contractor management – *e.g. NAZ, SPMMA, OFCC, ACS, DRF, etc*
- ✓ Vendor Management – *e.g. SubCom, Ciena, IT (various), etc*
- ✓ IT Systems design, management & maintenance
- ✓ After-hours support & Incident Management

WHO ARE HAWAII "OPERATIONS" (*≈ 50% OF BW DIGITAL STAFF*)

30

OPERATIONS TEAMS

□ HAWAII NETWORK

Hawaiki growth over 5 years and beyond

Original Design capacity (on-net) : 43 Tbps

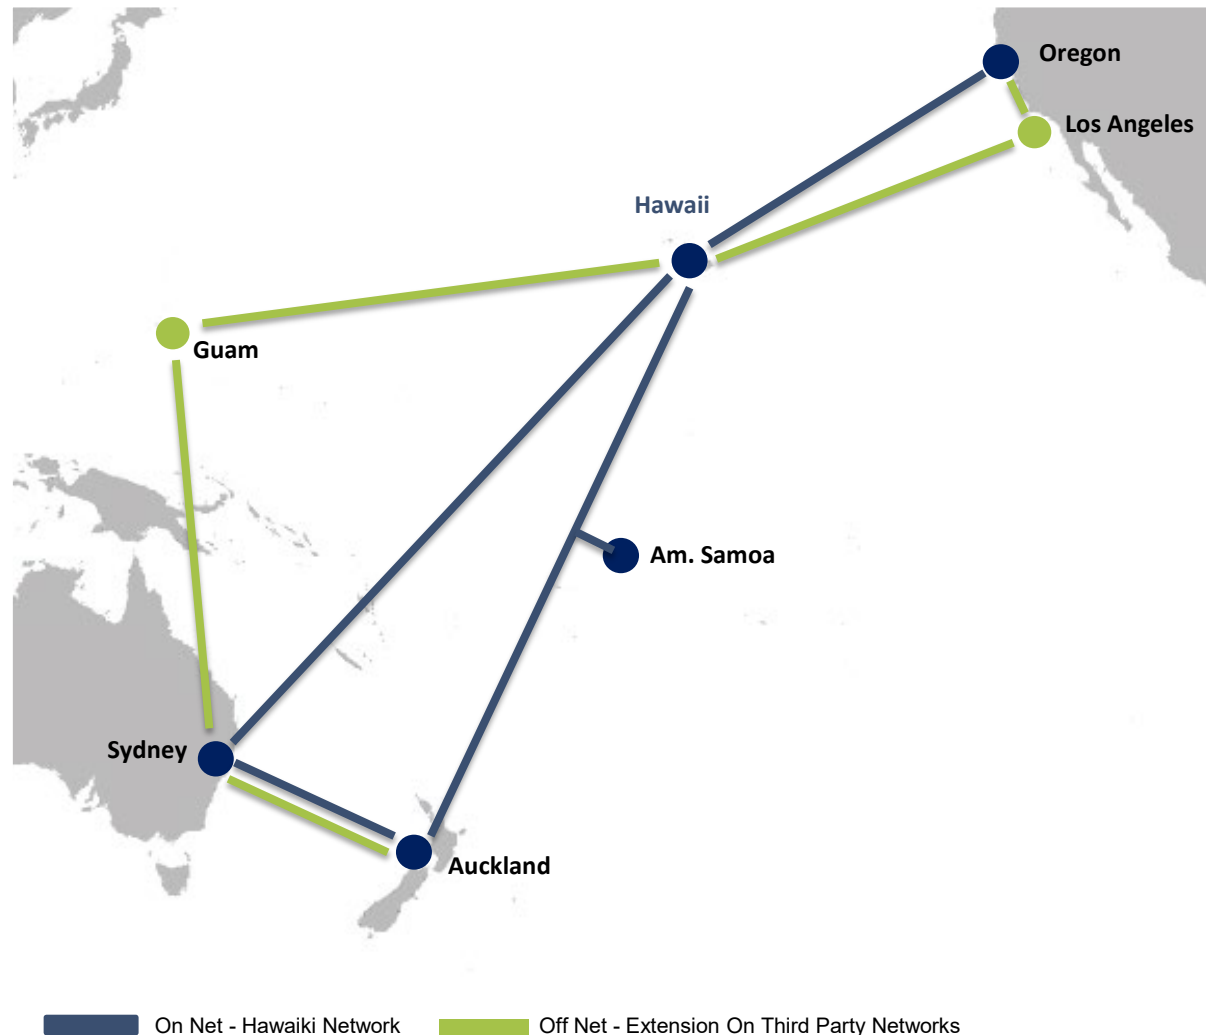

- Turnkey system delivered by SubCom (2018)
- **Innovation:** Hawaiki was one of the first submarine systems to co-locate a CLS within a datacentre

Current Design capacity (on-net) : 118 Tbps

- With Ciena equipment today, total system capacity is now almost triple what was possible 5 years ago
- **Innovation:** Hawaiki was :
 - One of the first submarine systems to deploy Ciena Waveserver technology
 - One of the first to be an Open cable system
 - One of the first to deploy Geomesh

Future Design capacity (on-net) by 2030 : ~150 Tbps

- Ciena estimates a **further 30%** increase in total system capacity over the course of this decade

❑ ON-NET EVENTS SINCE RFS

- ✓ 35 unexpected on-net events since RFS, with an average availability > 99.999%
- ✓ No critical/major event in the last 11 months. (Last was a planned maintenance issue in Aug '22)
- ✓ No marine maintenance events or repairs, no interruptions due to power outages and no major customer complaints

Meaning less than 5 minutes downtime a year !

❑ ADDITIONAL ON-NET SUBSEA CAPACITY

- ✓ Upgrade 6 : Contract signed with Ciena in October 2022 - 9.5Tbps additional capacity
 - Hardware delivery and installation : In progress
 - Project delivery : September 2023
- ✓ ASGO-NZMA : Contract signed with Ciena in March 2022 - Joint CSR effort with Ciena
 - New route : 2x100G American Samoa to New Zealand
 - Hardware installation, test and commissioning : In progress - totally managed by Hawaii Engineering team
 - Project hand over : August 2023 - 1x10G to be commissioned for Cook Islands
- ✓ AWS capacity upgrade
 - Order received in December 2022 : Add capacity and migrate a total of 1.6Tbps of onto new technology Ciena WaveLogic 5 equipment
 - Ciena : Hardware delivery is ongoing
 - Capacity delivery target: September 2023
 - Service migration target: Q4 2023

☐ CLS

- ✓ Assessing the installation of grid-connected solar power at NZMA to reduce Hawaiki's carbon footprint and energy costs

☐ NOC

- ✓ Regular thanks and positive feedback from customers for service provided

☐ PROVISIONING & SERVICE DELIVERY

- ✓ Recent record-breaking deliveries of customer capacity in one week or less

☐ IT DEV & IT SYS

- ✓ In-house development of key IT systems / NOC tools; e.g. NRMS, Stats Portal
- ✓ Improve end user experience; e.g. remove Boxcryptor and VPN

☐ ENGINEERING

- ✓ Self-managed capacity upgrades & technology trials
 - Installed 2Tb additional capacity during Covid pandemic
 - Upcoming Trans-Pacific 1x400G transmission trial
